# APPLICATION NOTE
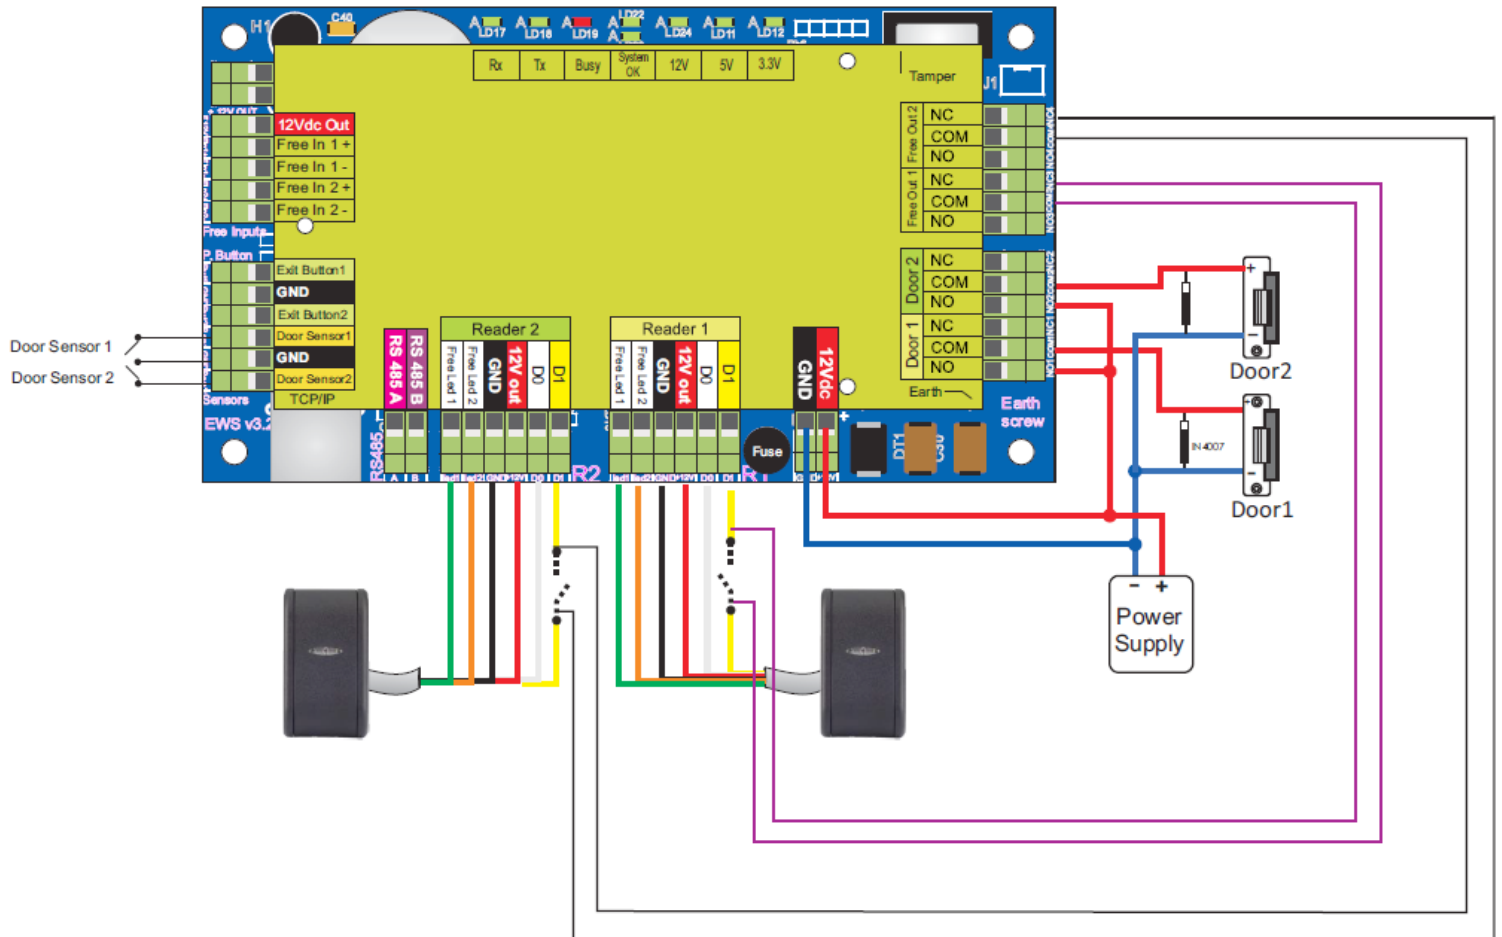

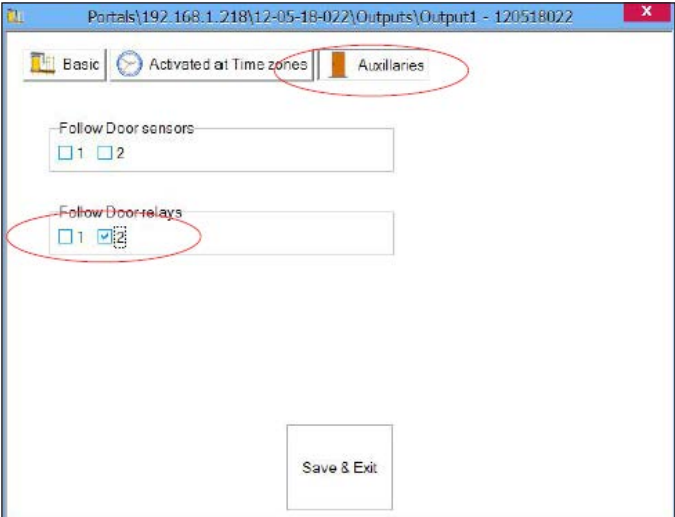

ONLine Access

Add a delay in Mantrap — A042

When card is presented on **Reader 1, Door 1** will open and in the same time **Free Output 2** will be activated for **60 seconds**. In this 60sec. Reader 2(Door 2) will be disabled. Furthermore, the readers will be in "Mantrap", which means that Door2 can not be open if Door 1 is still open. This all means that there are 2 conditions Door 2 to be open: Door 1 to be closed, and to pass X seconds from opening Door 1.
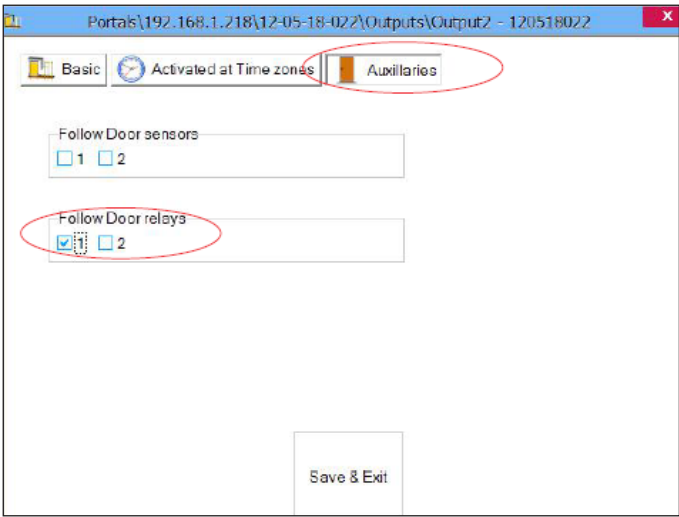

*Note: Door Sensors* must be used.
*Note:* The Time can be adjusted from *0 to 255 seconds*.

v.b1

**Free Output 1** - right click/properties/Auxillaries

**Free Output 2** - right click/properties/Auxillaries

**Enable** both Outputs
Adjust the desired **time**, so the other door to be disabled

**Controller** - right click/properties/Advanced
